## Silent Auction and Shop : Summer 2011

As we usually do the exhibition by Japanese artists in July and August every year, About Glamour/AG Gallery is holding a silent auction and shop in July, this year.

In addition to including AG Gallery's artists who participated in former exhibition, we would like new talents to join this event. We are accepting any kinds of art pieces such as post cards, small drawings, accessories, paintings, etc. See below for detailed information about participating this show.

The participated art pieces will be auctioned or sold, and all the proceeds will go towards helping people who need a support from others including people in Japan who are trying to recover from the disaster.

If you are interested in participating this event as an artist, or have any further questions, please feel free to contact at
